DETAILED ACTION

Response to Arguments

Applicant's arguments and amendments, filed 3/23/2005, with respect to each of the rejections contained in the office action, mailed 11/16/2004, have been fully considered and are persuasive. Each of these rejections have been withdrawn.

Allowable Subject Matter

Claims 8 and 32 are allowed.

The following is an examiner's statement of reasons for allowance:

As discussed in the previous office action, mailed 11/16/2004, the cited prior art teach various microfluidic devices comprising various fluid control systems. Regarding claims 8 and 32, the cited prior art neither teach nor fairly suggest the further incorporation of a capacitor within a fluid pump control channel, wherein the capacitor is capable of delaying the actuation of the control channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
